Michael A. Seidel, Senior Vice President of the Construction Division of Gundaker Commercial Group, Inc. (GCG), brings over 31 years experience in the engineering and construction industry to his projects. His present position oversees several responsibilities, including managing all of the construction activities within the division, design review, subcontractor solicitation and selection, project management and cost control. Mike is also responsible for the strategic planning and future direction of the construction division, including personnel recruitment, strategic growth of assets, and employee retention and growth.

Mike has worked on a variety of successful projects for several of St. Louis' largest general contractors, complimenting his past experience in commercial design/construct contracting methods. His vast knowledge in the engineering and construction industry affords him knowledge of many diverse projects types and industries. His experience managing multiple project managers enhances GCG's ability to complete successful projects of this type. Mike's primary function on all projects is to ensure timely project completion within the budgeted costs.

As a Registered Professional Engineer in Missouri, Mike holds a Bachelor of Science degree in Mechanical Engineering from the University of Missouri at Columbia, and a Master of Science degree in Engineering Management from the University of Missouri at Rolla. Mike is on the Executive Board for the St. Louis Council of Construction Consumers and is also an active member of the Engineer's Club of St. Louis. In addition to his affiliations with the engineering profession, Mike also holds a Missouri Real Estate License.
